## About Me

Hello there! My name is Chelsea, and I specialize in home management and digital design. My ultimate goal is to encourage families to create peaceful spaces in their homes by providing them with digital home management printables, organization advice, and home product suggestions. Home management has been a lifelong passion of mine, and I am thrilled to share the knowledge I have gained through both successes and failures with my audience.

## Pricing

### Instagram Post

Includes a post and 2x story slides. Put your brand on display in my feed with a professional high quality image and an engaging caption.
